Calaveras County

Grantee: Calaveras County

Amount Awarded: \$64,000.00

Grantee Contact: Mr. Brian Moss

Grantee Contact Phone Number: 209-754-6399

CalRecycle Grant manager: Phanessa Fong

Project Summary: The enclosed grant budget outlines our enforcement needs that will allow for the continued implementation of an effective enforcement program within Calaveras County. Many of our generators require assistance throughout the year with manifesting, storage requirements and general questions which requires additional travel time. Five of our generators are located in the higher elevations (snow areas), which typically require additional travel time to maintain safety. It must be noted that this not only increases inspection but surveillance time as well. Many of our routine surveillance areas are more than 1½ hours away from the office.

It is vital to our enforcement program to have the necessary funds available to continue an aggressive surveillance and educational campaign. Many of our surveillance areas are only accessible during the dryer months, while others warrant one visit per year as they are so remote. We typically see higher rates of illegal dumping in the cooler months in the more remote areas. This may be due in part to firewood cutting, camping activities and the production of illegal narcotics. It is imperative to our Waste Tire Program to have the necessary funds available to perform the above mentioned rural surveillance activities in addition to performing routine inspections..

Imperial County

Grantee: Imperial County

Amount Awarded: \$105,000.00

Grantee Contact: Mr. Lars Seifert

Grantee Contact Phone Number: 760-336-8530

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Imperial County LEA intends to utilize the requested Tire Enforcement Grant funds to continue a comprehensive education and enforcement program to ensure that registered waste tire haulers are utilized for the transport of used or waste tires; that waste tire generators comply with disposal manifesting, permitting, and waste tire storage standards as applicable; and that illegal dumping of waste tires is prevented. The objective of the tire enforcement agency program is to eliminate potential public health and safety risks associated with improperly managed waste tires within Imperial County.

Total Awarded for County:\$105,000.00

Kern County

Grantee: City of Bakersfield

Amount Awarded: \$46,000.00

Grantee Contact: Ms. Melanie Dunwoody

Grantee Contact Phone Number: 661-326-3620

CalRecycle Grant manager: Phanessa Fong

Project Summary: WTE 20 Inspection and Surveillance of businesses which generate waste tires.

Grantee: Kern County

Amount Awarded: \$245,000.00

Grantee Contact: Mr. Doyle Sprick

Grantee Contact Phone Number: 6618628790

CalRecycle Grant manager: Phanessa Fong

Project Summary: Kern County has a large agricultural area from fields, orchards, to farmlands. Historically these rich and fertile grounds have been soiled by illegal dumping of tires and other trash. As I enter my 3rd year of tire enforcement I have been told by area farmers and ranchers that the program is a success and they are seeing fewer tires on their valuable lands. These funds are necessary to the continued success of the program and to combat new hazards such as the illegal bailing operations gaining popularity.

Total Awarded for County:\$291,000.00

Lake County

Grantee: Lake County

Amount Awarded: \$33,000.00

Grantee Contact: Mr. Raymond Ruminski

Grantee Contact Phone Number: 707-263-1164

CalRecycle Grant manager: Phanessa Fong

Project Summary: The County of Lake's Environmental Health Division's Waste Tire Program serves to protect public health from mosquito infestations; maintain a safe environment via regular surveillance; and, if possible, using surveillance time and cooperation with Public Services to not charge EH staff if they bring in to recycling facilities waste tires removed from creeks, waterways and public countryside dump sites not maintained by CalTrans/County DPW. We will continue routine annual inspections of at least 65 active TPID sites, as well as any that have closed and are new in the county. These routine inspections are meant to insure that their waste tires are being stored and handled appropriately in order to prevent waste tire-fueled fires as well.

Total Awarded for County:\$33,000.00

Los Angeles County

Grantee: City of Lancaster

Amount Awarded: \$137,000.00

Grantee Contact: Ms. Teri Villani

Grantee Contact Phone Number: 661-723-6139

CalRecycle Grant manager: Phanessa Fong

Project Summary: Awarded Grant funds will be expended to conduct inspections of active waste haulers, generators, end use facilities, and illegal waste tire businesses and dumping sites, ensuring the enforcement of waste tire permitting, hauling, and storage laws and regulations.

These funds will augment the City of Lancaster Code Enforcement Officers' efforts to reduce the number of unpermitted and/or illegal waste tire piles, the waste tires going to landfills for disposal, the stockpiling of waste tires, and other waste tire violations which will benefit local and regional efforts in minimizing risks to public health and safety, and promoting the clean-up of environmental hazards and conservation of natural resources.

Grantee: City of Los Angeles

Amount Awarded: \$51,000.00

Grantee Contact: Mr. Jerry Weir

Grantee Contact Phone Number: 213-847-6260

CalRecycle Grant manager: Phanessa Fong

Project Summary: Since the City of Los Angeles first started visiting local tire shops and other waste tire generators, the instances of illegally dumped waste tires has vastly decreased. Continued inspections will keep waste tire dumping numbers low. We will also be using the enforcement funds to either put illegal waste tire haulers out of business or the get them registered and into the compliance.

Grantee: Los Angeles County

Amount Awarded: \$528,000.00

Grantee Contact: Eric Morofuji

Grantee Contact Phone Number: 6264305543

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant Funds will be used for personnel and equipment costs to inspect and enforce the State's Minimum Standards for handling, storage, and disposal of waste and used tires in the County of Los Angeles.

Grantee: City of Victorville

Amount Awarded: \$56,000.00

Grantee Contact: Mr. Jorge Duran

Grantee Contact Phone Number: 760-243-6309

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of Victorville is located in the Mojave Desert area approximately 1 hour from the heavily populated Los Angeles, Orange County, Inland Empire and 2 hours from the growing Las Vegas areas. The City is surrounded by a vast amount of desert land and has three major highways that intersect within the City (I-15 Freeway, CA Highway 18/138, and US highway 395). Due to the surrounding geography, the City experiences a large amount of illegal dumping activity which includes illegally dumped tire piles of both general passenger and commercial type tires. The City is still growing and currently has 108 waste tire related businesses (identified via WTMS as active businesses). In addition to the active businesses, the City has 8 inactive sites that are checked periodically to ascertain status. The City has and will use waste tire enforcement grant funds to establish a presence in our City and partner with the State to regulate the waste tire disposal process and minimize illegal dumping through surveillance, enforcement, and administrative actions. Funds will also aid our assigned staff to provide them with office and small field supplies/equipment to carryout grant inspection, surveillance, and education tasks. Our primary goal when utilizing grant funds is to inspect all waste tire generators and haulers within the grant period. Additionally, we will partner with the businesses, ensuring that all waste tires are manifested utilizing the forms provided by Cal-Recycle and encouraging them to report those who illegally dispose of tires. In administering the grant, the City of Victorville will prioritize its activities to mirror those established in the grant terms/conditions and procedures: inspection, waste tire manifest compliance, identifying illegal disposal activities, education, and awareness.

Stanislaus County

Grantee: City of Modesto

Amount Awarded: \$50,000.00

Grantee Contact: Ms. Karin Rodriguez

Grantee Contact Phone Number: 209-577-5453

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of Modesto is requesting TEA20 grant funds to continue with the success of the previous grant cycles. There have been approximately 70-100 tire operations in Modesto over the last several years, and due to receiving previous Tire Enforcement Grants, Modesto has been able to ensure that those facilities stay in compliance with all waste tire regulations. If awarded these funds, the City of Modesto will inspect all the waste tire businesses within the City limits of Modesto for compliance with waste tire permitting, hauling, storage, and disposal laws and regulations, and submit all inspection forms to CalRecycle for review. We will educate the tire businesses so there is no lack of knowledge as to what is expected of a facility that generates, hauls, or stores tires. We will continue to conduct enforcement through field patrols and also follow up on complaints and referrals where tires have been illegally dumped. Our staff will keep abreast of the laws and regulations through trainings available to us.

Grantee: Stanislaus County

Amount Awarded: \$117,000.00

Grantee Contact: Ms. Janice McClendon

Grantee Contact Phone Number: 209-525-6778

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant program allows Stanislaus County to administer a comprehensive waste tire enforcement program which includes the following elements: identification, documentation, education, and inspection of businesses involved in the generation, collection, transportation, and disposal of waste tires.

Currently, there are 330 waste tire businesses in Stanislaus County and in the participating cities. The grant allows inspections of each of these tire facilities, tire dealers, auto dismantler, tire haulers, and other waste tire generators. The local enforcement of the waste tire regulations will emphasize the importance of proper disposal, reuse, and recycling of waste tires through the education and the regulation of generators, haulers, and end-user businesses.

Since the programs' inception in 2006, two (2) large tire piles containing over 20,000 have been cleaned up. Over 1,882 inspections of tire facilities and tire haulers have been conducted, with 27 notices of violations issued along with ten (10) referrals to CalRecycle for legal action.

If TEA 20 is awarded to Stanislaus County it will enable our jurisdiction to conduct 226 inspections, spend 222 hours on surveillance, investigate reported violations and respond to complaints of tire dumps.
